Building Work/Site Restrictions

Dear Parents,

Due to building work which is taking place adjacent to the EYFS Playground, there will be some temporary changes to arrival and dismissal routes for Reception pupils and to access to the school office and Nursery.

The building work is due to commence during the Easter holidays and is due to be completed on the 29th May 2024.

Access to the school office

As a result of the work, the 'ramp' entrance will be out of use for the duration of the works. Access to the main office will be via the step entrance only. This means that there will be no step-free access to the school office. If you require an accessible entrance to school, please use the intercom system at the gate and a member of our office team will assist you.

Access to Nursery

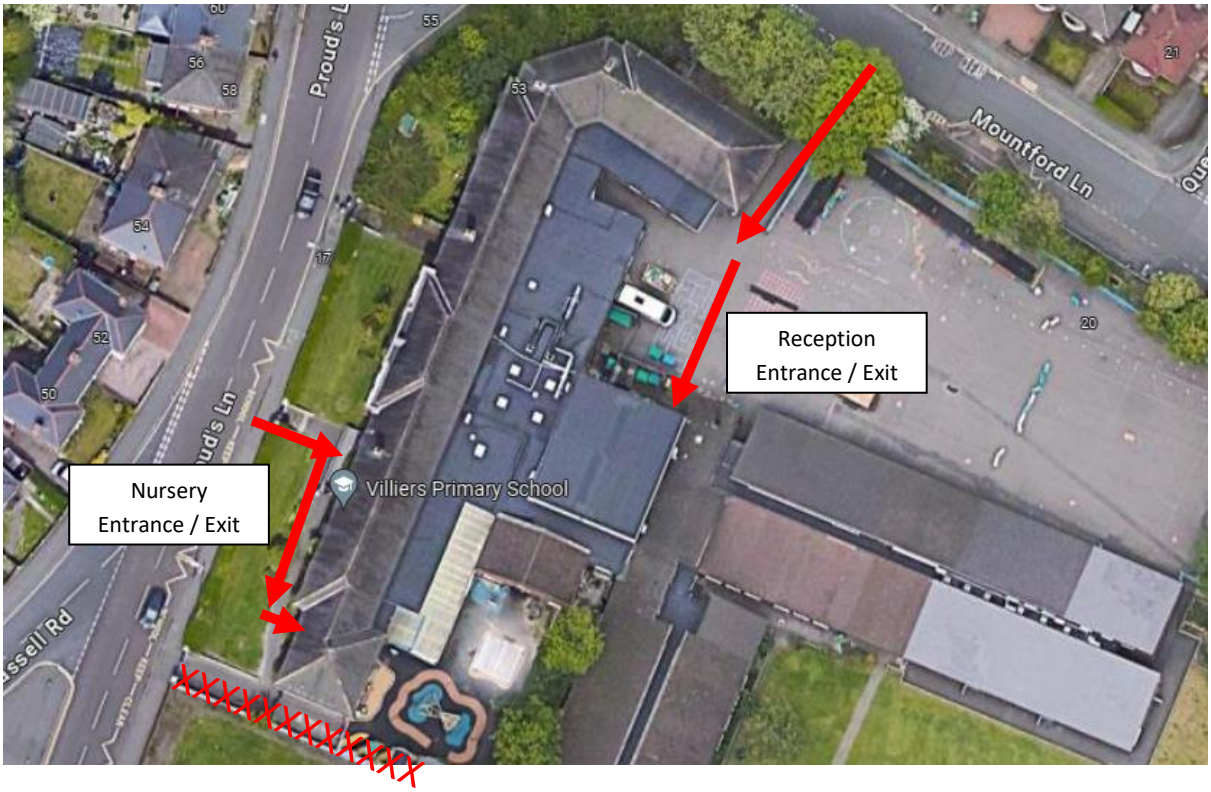

Children attending Nursery will continue to enter via the front entrance via the stepped entrance. Children will enter Nursery through the Nursery external door and will be dismissed from the same door. Please use the grassed area and pathway to wait on when collecting your child. If you are unable to use the steps to enter, please wait at the bottom of the steps where a member of staff will bring your child to you.

Changes to Reception entrance/dismissal

During this time, children attending Reception will need to be brought up the driveway onto the Main Playground from Mountford Lane. Reception children will enter school via the New Hall doors where staff will guide them through the hall and into their cloakroom/classroom areas.

Reception children will be dismissed from the New Hall onto the Main Playground so please wait on the playground for your child to be dismissed from 3:10pm.

Thank you for your support.
